

KERLITE - WOODLAND 6.5mm

General: Kerlite Woodland is the search for the living beauty in this material, in the form of the grain and the colours, where the effects of the veining are sometimes more structured, refined and sometimes more intense & striking. This part of the PROTECT line of products: antimicrobial floor and wall tiles, designed for healthy, safe and protected living spaces.

Applications: Commercial & residential indoor floors & walls and surfaces including boats, buildings, foyers, boutiques, galleries, living areas, kitchens and bathrooms, plus all wall applications, splashbacks, bench tops, wall facades, lift cars and external walls (inclusive of wall cladding).
