

PASSEPARTOUT

General: Going well beyond everyday terracotta! We have taken this classic concept to the next level with Passepartout by creating a painted and distressed finish across 5 muted colours. The aged patches, scrapes and scratches let the traditional "cotta" colour not only show through the painted surface, but also throughout the tile body.

Applications: Commercial & residential indoor & outdoor floors & walls including shopping centres, foyers, restaurants, boutiques, galleries, living rooms, patios, kitchens & bathrooms.
